DOE FOA - 0002962 - Carbon Capture Demonstration Project

1. NPPD submitted a Letter of Intent to the DOE on 3/27/23.
2. The pre-FEED* study work (authorized at the October 2022 Board meeting) is in progress.
3. Will be back to the Board again in May to report the preliminary results of the pre-FEED study, and the go or no-go decision to proceed with the FOA full application.
4. If the recommendation is “go”, then the look-ahead for the June Board will include a request for funding of the full FEED study.
5. The full FOA application is due to the DOE 5/23/23.
