# Capacity Purchase Agreement

NPPD Board of Directors Meeting  
and Operations Committee  
January 2026

Mick Spencer  
Executive VP & Chief Operating Officer

# Capacity Purchase Agreement

- Counterparty offering ~109 MW of capacity
  - Deliverable to Southwest Power Pool (SPP)
  - 7 years, expected start 2027
  - Capacity amount dependent upon results of SPP's summer and winter Effective Load Carrying Capability studies each year
- Fills resource adequacy gap in summer 2028, provides margin to serve additional new load in 2029-2034
- Details of agreement are confidential - discussed with the Board in executive session

# Recommendation

Adopt the resolution authorizing management to execute a capacity purchase agreement with the counterparty once the agreement is in a form that is acceptable to management and legal counsel
